

BIS Multi tacker Foam stapler and staples

Quick and problem free tacking

- Problem free tacker device
- Quick processing of staples
- For insulating plates with or without foil
- For floor pipe up to $\varnothing 3/4"$

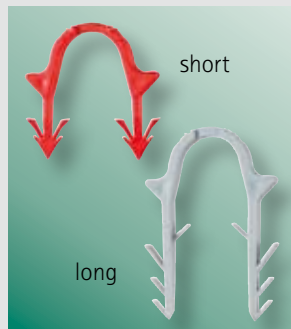

BIS Multi tacker Foam stapler and staples

The BIS Multi tacker enables you to properly attach tubes to roll-insulation, insulation mats and even standard insulation without foil. The BIS Multi tacker is designed to be

used standing upright to make the job easier. The staples are welded to each other instead of taped to prevent the BIS Multi tacker from jamming during the job.

Features and benefits

- Quick processing of staples
- Use while standing upright
- Easy loading of staples
- BIS Multi tacker is made of durable aluminium
- Staples are welded to each other to prevent jamming in magazines of 30 pieces each
- Proper attachment of tubes used with roll-insulation, insulation mats and standard insulation without foil
